0923645586.

EDUCATION:

- I have a MSc in Pharmaceutical Science and Medicinal Chemistry science 2014 from Loughborough University, England.
- I have got a certificate in good manufacturing practices (GMP) and inspection of pharmaceutical facilities as per WHO guidelines and the Libyan Ministry of health regulation.
- I studied Bachelor of Pharmaceutical science between 2006 and 2009; the modules included pharmacology and toxicology. Result achieved overall is 82.35% (A grade).
- I got 95% (excellent 85%-100%) in secondary school and excelled in chemistry subjects.
- Recently, I promoted to lecturer. And I have published two papers.

CERTIFICATES OBTAINED:

- I studied English for several years in Libya as well as in England and I obtained a certificate for completion general English course, IELTS (6.5) certificates.
- I have a masters degree in pharmaceutical chemistry and medicinal science, this involve many courses about drug pharmacokinetic and dynamic and toxicity of over dose.
- I have got a certificate form good manufacturing practices and inspection of pharmaceutical facilities as per WHO guidelines and the Libyan Ministry of health regulation.

SKILLS:

- I worked for about two years in the laboratory, so I developed my laboratory skills in separation of solutions, titration, spectrophotometric techniques and TLC chromatography.
- I am a member of teaching staff in Al Arab medical University since 2014.
- I have excellent writing skills obtained during studying in Bournemouth in United Kingdom.

WORK EXPERIENCES:

- 2009-2011: I worked as a demonstrator in analytical and pharmaceutical chemistry laboratories in AL Arab Medical University in Libya.

My roles included;

Teaching undergraduate pharmacy students both qualitative and quantitative analysis of a wide range of pharmaceutical products.

INTERESTS AND ACTIVITIES:

- I am keen on doing sports like running and fitness, watching love films.

REFEREES:

- Dr Tahani Elmugherby
Pharmaceutical Chemistry/Bimolecular Science.
Head of Pharmaceutical Chemistry Department
Faculty of Pharmacy, AL Arab Medical University
Benghazi, Libya.
E-mail: elmugherby@yahoo.com

- Dr.Nagwa.H.S.Ahmid
Assistant professor in Analytical chemistry
Department of Pharmaceutical Chemistry
Faculty of Pharmacy
AL Arab Medical University
Benghazi, Libya
E-mail: negwa236@yahoo.com
